

Our complaints performance

The total number of complaints received during January, February and March (Q1 2021) was 81,721. This is an increase in complaints received in Q4 2020 (75,856).

Through our complaints improvement programme, we've continued to look at the causes of customer dissatisfaction. We've then addressed these causes by making improvements to our systems and processes. We will continue making positive changes throughout 2021 and beyond.

Complaints categories

Our complaints in Q1 are divided by category, shown below:

Top 5 categories in Q1 2021	% of complaints opened by category
Billing	27%
Metering (Inc Prepayment)	15%
Payments	13%
Customer Service	13%
Change of Supplier	6%

Billing

This covers any complaints made about the layout of our bills as well as any information displayed on them such as cancelled charges or payment dates. Complaints received about estimated readings, price increases or incorrect bills are also included.

Metering (inc. prepayment)

If we receive complaints about metering appointments or any mismatched data then these are listed in this section. Also included here are prepayment meter issues, which tend to be higher in winter months.

Payments

Any complaints we receive about Direct Debit payments or prepayment credits are included here.

Customer services

Complaints made about Customer Services have reduced this quarter compared to Q2 2014

Change of supplier

Change of supplier includes customers who have experienced problems while switching supplier. In Q2 we also included change of tenancy but this has been removed from Q3's data.
